1.0 Introduction

These guidelines provide information about the financial support available through the LiveSmart Community Environmental Grant Programme. They will help you and your organisation decide if the financial assistance offered is appropriate to support the project or activities that you are planning.

You may find it helpful to discuss your project with a member of the Environmental Resource Officer Team. Please email recycle@causewaycoastandglens.gov.uk or telephone 028 2766 0248.

1.1 Purpose of Grant Programme

Our Borough is known worldwide for its beautiful scenery and amazing visitor experience. Council wants to preserve that for years and generations to come – this requires everyone making a conscious effort to live a more environmentally-friendly lifestyle.

The purpose of the LiveSmart Community Environmental Grant Programme is to provide small grants up to a maximum of £750 to local community and voluntary organisations. The grants are to give financial assistance to allow groups and organisations to: -

- (1) improve the general cleanliness in their local area, particularly in respect of litter.
- (2) promote recycling, reuse, repair, upcycling and waste reduction.
- (3) look at ways of reducing carbon footprint by taking simple, practical actions.

Council has an already established LiveSmart Initiative, delivered by the Environmental Resource Officer Team, which aims to encourage, inform and involve all our residents, businesses and visitors to live more lightly on our planet by taking simple steps to protect our environment. LiveSmart Community Environmental Grant Programme is based on the idea that if every person in our Borough tries their best to live sustainably, the combined impact will be huge.

The LiveSmart Community Environmental Grant Programme will complement the LiveSmart Initiative by engaging local communities and raising environmental standards in places where people live, work, relax and spend time.

1.2 Overview of fund

Community groups and organisations are being encouraged and supported to keep their local area litter free, promote recycling, reuse, repair, upcycling and waste reduction and have a positive impact on their carbon footprint.

There are several specific objectives which applicants must address. Your application can address more than one objective but only one is necessary.

- **RecycleSmart:** aims to reduce waste by educating, engaging and inspiring us all to buy less, reuse more, recycle and compost.
- **ClimateSmart:** aims to reduce our carbon footprint by increasing our knowledge of sustainability and empowering change with simple, practical actions.

- FoodSmart: aims to prevent/reduce food waste and save money by encouraging and enabling us all to think, shop and eat smarter.
- PlasticSmart: aims to prevent/reduce plastic use and increase recycling with simple, practical actions.
- LitterSmart: aims to prevent and reduce litter through education, encouraging responsible disposal and supporting local people to carry out litter lifts.
- ClothesSmart: aims to raise awareness of the impacts of purchasing, encourage life-long care and reduce waste to landfill by giving unwanted clothes and textiles a new lease of life through donation, repair, reuse and recycling.

1.3 Levels of grant award.

LiveSmart Community Environmental Grant Programme	Maximum Grant Amount
Applicants can apply for 100% grant aid towards project costs.	£750

Applicants can request a grant up to a maximum of £750. You can only apply for one grant per year.

This is a competitive process, and all grant awards will be determined on the basis of merit.

In the event that the fund is oversubscribed only the top scoring projects will be offered an award.

Council reserves the right to reduce the amount of funding awarded if we do not consider that the amount applied for represents value for money.

Please Note: Groups will have to provide all evidence requested once the project expenditure is complete. This will include receipts, bank statements, or any other documentation deemed necessary. If requested documentation is not supplied, then clawback procedures will be initiated. Please do not apply for funding if you cannot supply these items.

1.4 General Principles

In line with Council's Grant Funding Policy the overarching principle for all Council grant funding is that of meeting local needs which have been identified and prioritised by Council or by others but acknowledged by Council. - Applicants must demonstrate their commitment to promoting Good Relations and Equality of Opportunity.
- In the interests of transparency, equality and accountability, all applicants will have a right of appeal should their application be rejected.

- Groups must demonstrate that they are well run and that they provide a voice for local concerns. The project for which you are seeking funding for must be inclusive, open to the whole community and adhere to democratic principles.
- **Only groups which meet the criteria can apply to the LiveSmart Community Environmental Grant Programme.**

- how well the proposal meets community needs and contributes to Council's Strategic Priorities

An acknowledgement receipt will be electronically issued to you once your submission has been received. The Funding Unit will assess your application for eligibility. If your application is eligible to apply for grant aid, it will be forwarded to the relevant section for a full assessment and scoring against the stated criteria.

3.1 Eligibility assessment

The assessments in respect of Part 1 of the application form are awarded a pass or fail eligibility rating.

If the organisation, based on the information supplied can satisfy the Council of their eligibility to draw down the grant, they will progress to the next part of the process.

If the organisation, based on the information supplied, is not able to satisfy the Council of their eligibility to draw down the grant from the fund, they will be advised of specific omissions / shortcomings and how these can be addressed to help prepare them for any future funding requests.

3.2 What if an application is not eligible?

If your application is not eligible, you will be notified immediately and the reasons will be outlined to you, it will not proceed to assessment and scoring.

If an organisation is not eligible for funding through the LiveSmart Community Environmental Grant Programme, organisations should contact Councils Funding Unit by emailing grants@causewaycoastandglens.gov.uk who will help signpost to alternative sources of funding.

If an organisation or its activities are deemed to be the responsibility of other Council Departments, statutory agencies or voluntary bodies then you will be signposted to who you should apply to. If signposted elsewhere you will be required to complete and submit the relevant application form.

3.3 Assessment and scoring

If the organisation, based on the information supplied is able to satisfy the Council of their eligibility for the LiveSmart Community Environmental Grant Programme they will be assessed according to established assessment criteria shown in the table below.

All questions will be scored out of 5 and weighting will be applied as detailed below:

Criteria	Score out of a possible 5	Weighting	Possible Score

2. How well the need has been demonstrated		X2	10
3. How well the project includes participation from the wider community and involves a range of people		X2	10
4. Area deprivation score		X1	5
5. How well the project is promoted & publicised.		X1	5
			50

Applications must achieve a minimum score of 65% to be considered for funding. In the event of the fund being oversubscribed only the highest scoring projects will receive an award.

3.4 How decisions are made.

When the scores are finalised, the applications will be presented to the Environmental Services Committee for consideration and recommendation to full Council for approval.

It will be at this point, that the successful/unsuccessful applicants will be notified.

3.5 What happens if an application is successful?

If an application is successful, Council will issue a letter of offer which is a legal agreement with the organisation to deliver on the proposals outlined in their application form.

Signed Letters of Offer will need to be returned before any funding is released.

If successful, group members can avail of training that will explain the processes and procedures that relate to programme monitoring, submitting a financial claim, requesting a change to programme, promoting Council's support for the programme, monitoring and evaluation requirements and the process of verification.

Based on Council's payment procedures, an advanced payment between 75%-100% of the grant will be awarded upfront. Council will make payments directly into your nominated bank account. The remaining grant will be paid once all required documentation is received by Council.

Successful organisations may also be required to submit an annual/ end of funding evaluation report. Officers may discuss the monitoring information with the groups that were funded and also with some of the people who have benefited from the community activity.

3.6 What happens if an application is unsuccessful?

If an application is not successful, officers from the relevant service area will be available to meet with the organisation to go through their application, develop a working relationship and provide practical developmental support to address areas of concern.

An Appeals Process / Review Procedure is also available if an application is unsuccessful. The purpose of this is to ensure that the decisions taken, and procedures followed by Committees for individual applications are applied fairly and consistently.

The Review will provide an independent process through which an applicant will have the opportunity to demonstrate to the Review Panel that either:

- the outcome was unreasonable or
- that the proper procedures were not followed

Appeals on any other grounds will not be considered.
